NEW

This is our second ice season with the Vortex Lodge. It is easy to set-up, easy to take down and return to the carrying/storage bag, and very roomy when fishing with 3 people plus gear. Had it set up in very strong winds recently and it withstood the pressure very well. Very robust zippers which is rare these days.

I have everything Otter Outdoors from the Vortex Resort Hub down to the Otter Sidekick and anything in between. Customer service and products are outstanding! Will only buy Otter going forward.
