DEBUNK Flavour Spectrum vapes feature custom blends of flavourful strain-specific botanical terpenes that perfectly complement the natural flavours of cannabis-derived terpenes and flavonoids. All DEBUNK vapes come packaged in custom hardware. Hailing from Amsterdam, you just know this cross between Tangie and Kosher Kush will deliver. 24K Gold is a full-bodied sativa that delivers an obsessively tasty flavour profile of apricot, fruit cocktail and deep earthy Kush. DEBUNK's proprietary flavour spectrum blends give you the true plant entourage that you need from your cannabis without sacrificing potency and flavour. Full potency, full flavour and full entourage.
